

DAVIS FAMILY VINEYARDS  
**2007 CABERNET SAUVIGNON**  
NAPA VALLEY, CALIFORNIA

**100% Cabernet Sauvignon**

This wine spent 250 days on the vine as grapes, two full years in the winery between fermentation and aging in barrel and another full year after bottling to mature to a point that it is ready for your table. It is a bold full-bodied wine that always pays rewards from time in your cellar, as the tannins soften and the aromas grow and develop that “bottle bouquet.” You may have heard the praise about the 2007 Cabernet harvest being the “Vintage of the Century” – a warm, consistent season that gave us a wonderful balance of mouth coating, ripe, full-bodied richness with an elegance that also delivers bright flavors of both red and black fruits wrapped in spice notes of coffee and cocoa, pleasures that are forward and alive.
